

# RECEPTION

5-day residential training course 1 - 5 October 2018 Zagreb, Croatia

PIC 937550688

The Training Course Objectives are to investigate and help to meet our target groups' needs for training and support in addressing the RECEPTION challenge from Kindergarten to the School System. We conceptualize this as the need for teaching staff and associated professionals in primary schools and pre-school to address an ever-increasing Europe-wide diversity in the levels and sophistication of pre-literacy and pre-numeracy skills acquired by children before they enter the first year of primary education.

RECEPTION= Role of Early Childhood Education in positive Transition/Introduction Outcomes for New pupils

<http://receptionproject.eu/>

## The Target Group

- teachers, school leaders, and associated professionals working within Early Years Education and Care

## Training course activities

- Presentation of project partners case studies
- Plenary sessions
- Questions and answers with board members and invited guests/speakers
- Reflection groups
- Participants' presentations
- School visits and cultural events

## Background

Project aim to investigate and disseminate successful attempts by our partner institutions to address the RECEPTION challenge within a wide range of demographic and socioeconomic contexts and educational systems, in response to the needs of diverse and often disadvantaged children. Early year's children across the European area are the ultimate beneficiaries of our project, but our immediate target groups are their teachers, school leaders, and associated professionals working within Early Years Education and Care.

The Reception project partners are: Ireland, Iceland, Denmark, Norway, Greece and Croatia.
